

# LA-Series Controller Wiring Diagram

Domestic Cold Water      Natural Gas

S - Series Enclosure  
2 - 3/4" 24 VAC Solenoid

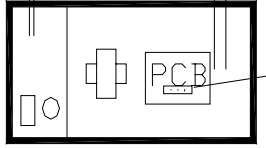

Field Installed  
18 AWG to each  
solenoid

Route Dom. CW piping  
& connect to faucets  
@ Student Work Stations

Route nat. gas piping  
& connect to gas turrets  
@ Student Work Stations  
<typical>

120 VAC

120 VAC Power Supply  
Wiring in Conduit.  
Make Connection @ J-Box  
@ LA-Series Controller

Connect 24-vac  
Output Circuit Wiring  
to Terminal on PCB

LA-Series Controller  
Model LA-1213
